invention was made, owned by the same person or subject to an obligation of assignment to the same person.

The present application and Davis are commonly owned or subject to an obligation of assignment to the same entity at the time the invention was made. The present application is assigned to Overture Services, Inc., as recorded at reel 013410 frame 0392. A copy of the assignment digest for this application is attached hereto. At the time the invention was made, the inventors had assigned or were under obligation to assign the invention to Overture Services, Inc. Davis is also assigned to Overture Services, Inc. as recorded at reel 012621, frame 0446. A copy of the assignment digest for Davis is attached hereto. Davis was originally filed and assigned to GoTo.com, which was subsequently merged with Overture Services, Inc.

Accordingly, by operation of 35 U.S.C. § 103(c), the subject matter of Davis should not preclude patentability of the present application. Withdrawal of the rejections under 35 U.S.C. § 103(a) based on this reference is respectfully requested.

With this response, the application is believed to be in condition for allowance. Should the examiner deem a telephone conference to be of assistance in advancing the application to allowance, the examiner is invited to call the undersigned attorney at the telephone number below.

Respectfully submitted,
